SUPPORTING STUDENT SUCCESS

MEMORANDUM

TO: Charter School and Freeway School Principals and Administrators

FROM: Gary Wallyn, Director - Office of Accreditation and Awards

RE: 2008-09 Professional Development Program – Grant Application

DATE: April 9, 2008

The Indiana Department of Education is pleased to offer professional development funds for the 2008-09 school year to all accredited schools that meet the grant requirements. The deadline for grant applications is June 30, 2008. The department will review applications to ensure that the professional development program aligns with the objectives, goals and expectations of the School Improvement Plan. A school's charter and or freeway petition serve as the School Improvement Plan. The state board may approve a school's program only if the program meets the board's core principles for professional development and the additional criteria listed on the application. The department may make written recommendations for modification to the program to ensure alignment. The professional development funds must be used in accordance with ([IC 20-20-31](#)).

Grant Requirements

- [Required Assurance Form](#)
- Report of Grant Expenditures from 2007-08 (attached)
- Completed Professional Development Grant Application
- Submittal of 2008 Pupil Enrollment

Professional development grants will be sent in two distributions, the first a per school allotment of three thousand dollars (\$3000) to each accredited school whose 2008-09 professional development application has been approved. This list of schools will be presented to the State Board of Education at its September meeting. The second professional development grant fund distribution will be calculated based on the enrollment that is reported to the department on the October 2008 DOE-PE report. Schools that do not submit a complete DOE-PE report will not be included in the calculations of the per-pupil distribution of funds and may not be eligible for professional development funds in 2009-10. The second distribution is anticipated in mid-December.

Note: Any new charter school or newly accredited freeway school that is interested in applying for professional development grant funds must be included on the DOE-MF (Master File) by August 15, 2008.
